The diagram illustrates a multi-layered system with a central vertical axis. On the left side, there are seven rectangular blocks labeled (a) through (g) from top to bottom. Block (d) is distinguished by a cross-hatch pattern. On the right side, there are five rectangular blocks labeled (h) through (l) from top to bottom. A dashed line is located at the top right, and a label 'p' is positioned to the right of the central axis. The entire structure is bounded by a vertical line on the left and a dashed line on the right.
